Re: Endorsement Letter for excellent service

Dear Mr. ^{Marc} Replogle:

I was writing to let you know how very much appreciated your hard work on the case of our recent mutual patient.

The case closed very efficiently, much faster than any of my other personal injury cases. I was pleased to receive my payment in a timely fashion and my patient was very happy with your service. Your consistent attention to detail and management of all aspects of the very complex case made it a pleasure to work with you.

I look forward to referring any of my patients to you when they need assistance with a personal injury case. The fact that your office is minutes away from mine is only a bonus to the great service that I know they will receive in your office.

Sincerely,

Amy Forth, DC
